

## Other Benefits

This course offers you an opportunity to combine practical tarot reading with intuitive or psychic readings.

For those who lack the confidence to become professional readers, this course offers the chance to fine-tune your skills and to see what opportunities await you in the field when you are ready to take the plunge. It aims to strengthen your tarot skills to assist you in your transition to becoming a professional reader.

Students who are professional readers are encouraged to detail the challenges they face in their daily work, so that techniques for dealing with those challenges can be offered.

## Course Notes

The notes for the annual Advanced tarot course is Paul's book *Mastering the Tarot*. You are advised to read this book before attending the course. The book is included in the course fee. Deduct \$25 from the course fee if you have a copy of *Mastering the Tarot* or you can choose to collect a copy of one of Paul's other books, such as *Tarot Master Class*.

Students may wish to take notes or simply experience the process first-hand and learn by doing. Through supervised practice you can gain confidence and iron out any mistakes.

All layouts offered in the course will have accompanying notes in a step-by-step format. These include an *Astrology Spread*, a *Chakra Layout*, the *Five Card Spread* and *Karma Reading* as detailed in *The Tarot Revealed*.

Bring your copy of *The Tarot Revealed* for reference, along with a tarot pack and some questions which the class can answer in demonstration readings. The class will also participate in a telephone reading given to a stranger on a speaker-phone to demonstrate the telephone reading process.
