READINGS

Pure Clairvoyance

This powerful reading lasts 45 minutes and presents a view of the bigger picture of your life. It offers a chance to receive messages from deceased loved ones, practical guidance with your life direction, insight into past events, and reveals some of the opportunities for fulfilment ahead.

It offers an emotionally and spiritually uplifting session, including a glimpse of your spiritual purpose here this lifetime. This reading may describe those you'll meet on the other side when your life concludes. You can ask questions during the reading.

Tarot-Clairvoyance

Tarot-clairvoyance offers clarity when important decisions are required. After a general reading, you can ask specific questions about your immediate concerns. Tarot readings last an hour and focus on the next two years in detail.

Palmistry

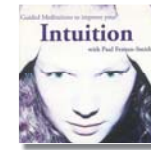

Palmistry can identify rewarding career directions, reveal your character traits, examine your health issues, love relationships and your children. As palmistry is a whole-life reading, dates of events are accurate to within 18 months.

Telephone Readings

A telephone tarot reading allows you to clarify your issues from the convenience of your home or office. A 30 minute reading includes a general reading and up to four questions, while a 45 minute reading includes up to six questions. It's the perfect choice if you live overseas or are travelling and need help with a decision.

Combining tarot and clairvoyance, this short-term reading covers the past two years, the present and the next two years. For an additional \$10 you can have a CD recording of your reading.
