Introduction to the Tarot

with
Paul Fenton-Smith

paulfentonsmith.com

This introductory course in the tarot covers all the basics in a step-by-step manner. There are regular demonstrations and practice sessions to develop confidence.

Who is it for?

This inspiring course is for students with no experience of the tarot, as confidence is encouraged through watching demonstrations and giving readings to other students.

Paul brings the tarot to life with his humorous and insightful delivery. Students are offered regular practice periods and encouraged to form practice groups which meet between classes and after the course has concluded.

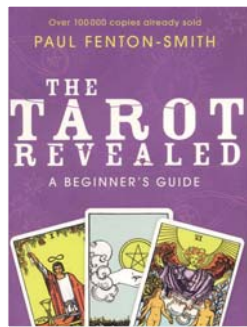

Certification

A certificate is granted to those who successfully complete written and practical assessments. These assessments are optional. We recommend that you give 50 tarot readings before sitting for assessments to avoid disappointment.

Course Notes

Comprehensive notes for this course are included in the course fees, in the form of Paul's best-selling book *The Tarot Revealed*. This book follows the course format.
